ROSE'S WITHDRAWAL

Of His Challenge for an America's Cup Contest.

INDUCED BY HARSH CRITICISMS.

It Is Not Believed, However, That Mr. Rose's Action Will Prevent a Contest for the Cup Next Year—The Opinion of Commodore Smith.

NEW YORK, Oct. 24.—Charles Day Rose has cabled to the New York Yacht club withdrawing his challenge for the America cup. The reason for the withdrawal is: "Owing to general impression that my challenge might be construed as an expression of opinion on the result of the last race."

The members of the America's cup committee are much chagrined at Mr. Rose's withdrawal, for declare that it would be improper for them to talk concerning it until they receive full particulars concerning Mr. Rose's reason for withdrawing. Commodore Smith said:

"This is, of course, a great disappointment to us, for I suppose it means that we will have no race next year with the English boat. Being, as I am, a member of the cup committee, I cannot express any opinion at present. After the reasons for Mr. Rose's withdrawal are known I may have a little to say. I expect to receive at any moment the cable which he notified Mr. Oddie that he had sent me. I do not think that he could have been dissatisfied with the conditions which we offered him, because they were not final, and we asked him to make any suggestions as to changes that he might have deemed desirable."

"Do you think that Lord Dunraven induced Mr. Rose to withdraw the challenge because he felt that it was a reflection on him?" was asked.

Mr. Smith declined to answer this question, but added:

"While I don't wish to offer an opinion until I learn more about the facts, I presume the comments of the English press on his challenge caused Mr. Rose to withdraw. It doesn't make the slightest difference, however, as the coming or going of two or three men will not affect the grand international sport of yacht racing."

AS VIEWED IN ENGLAND.

Not Unlikely That Another Challenge May Soon be Issued.

LONDON, Oct. 24.—The receipt of the cable dispatch from New York announcing that Mr. Charles D. Rose had withdrawn his challenge, issued through the Royal Victoria Yacht club, for a series of races for the America's cup next year, did not cause as much surprise as might be generally expected. The attacks made upon him in the English press were enough to dishearten anybody, and it is now generally believed that the question of a challenge for races in 1896 will be left in the hands of Lord Dunraven and the Royal Yacht squadron, as it is not thought likely that any other club will take up the challenge in view of the attitude in which the Royal Victoria Yacht club has been put by Mr. Rose's action.

However, Mr. Herbert Meir, the well known colonial yachtsman who raised $150,000 in a very short time to build a yacht, to be named West Australia, for 1897, may now challenge for 1896. Then, again, Sir George Newnes may issue a challenge, as he announced himself as being ready to do so soon after Lord Dunraven's yacht was defeated.

Mr. Percy Thellusson, secretary of the Royal Victoria Yacht club, replying to a dispatch sent to him by the Associated Press, after it had become known that Mr. Rose had withdrawn his challenge for the America's cup, telegraphed from Ryde, Isle of Wight, saying that the Royal Victoria Yacht club has no other challenge for the cup.

The Times publishes the letter of Mr. Rose to Mr. Thellusson, secretary of the Royal Victoria Yacht club, which is as follows: "In view of repeated comments to the effect that my challenge for the America's cup might be construed as an expression of opinion on Lord Dunraven's action in connection with the last race, I beg that you will kindly cable the New York Yacht club committee that I desire to withdraw my challenge. I should like to add that when I decided to challenge I did so solely in the interest of sport, and with a desire to win back the cup, and that no question concerning any incident of the last series of races in any way influenced me. I therefore naturally deplore my action having been mis-construed."

When a representative of the Associated Press conveyed to Lord Dunraven the news of Mr. Rose's withdrawl of his challenge for the America's cup, his lordship declined to talk on the subject, saying: "It is useless to ask me questions. I absolutely refuse to say a word on the subject of the cup at present. How can it be expected, when I have just been so grossly misrepresented."

Lord Dunraven refers above to an alleged interview with him which was published in United Press papers, in which he was made to find a great deal of fault with the recent cup races. The "interview" was wholly untrue.

Egg Harbor City Threatened by Fire.

EGG HARBOR CITY, N. J., Oct. 24.—Forest fires are spreading near this place, and many farm buildings are in peril. The extensive cranberry bogs of Henry Leek were totally destroyed by the fire. The crop was about ready for harvesting. There are over 200 men fighting the fire in Cedar Swamps, endeavoring to keep it from Egg Harbor City. The loss is estimated at over $100,000.

Disastrous Fire on the State Line.

BUFFALO, Oct. 24.—A special reports that the town of Cerro, N. Y. in the southeastern corner of Allegany county, and almost upon the state line of Pennsylvania, has been swept by fire and that every place of business was burned with the exception of Gleason's store and the postoffice. This would mean the destruction of the Grand Central hotel, the Cerro Mail office, the C. N. Y. and W. station, a livery stable and a number of grocery and other stores. The fire originated in the hotel kitchen. Four years ago a fire burned every business place on the Pennsylvania side of the river. The present fire is confined to the New York state side.

For Robbing Her Husband.

LONDON, Oct. 24.—Mrs. Besson, wife of the musical instrument maker of that name, of London, Paris and New York, who has been arrested at Malaga, in Spain, will be arraigned in London on her arrival here on a charge of embezzlement of her husband's business. It is stated that £100,000 is involved. While Mr Besson was in Paris his wife, after selling the business and the home in London, decamped with her daughter and a Spanish traveler for the firm named Macias Palacary.

Steamer Destroyed by Fire at Sea.

NEW YORK, Oct. 24.—The Ward line steamer Orizaba, which has just reached port from Havana reports having passed the steamer City of St. Augustine all in flames and burned to the water's edge at 2 o'clock Tuesday morning, eighteen miles from Hatteras. The Orizaba steamed about for some time, but found no trace of the crew of the burning steamer. It is thought the crew were picked up by some passing craft. The burned vessel was built at Wilmington, Del., five years ago and registered 200 tons.

JACKSON'S EXPLORATIONS.

Many Inaccuracies Already Discovered in the Arctic Charts.

LONDON, Oct. 24.—The documents from the explorer Jackson, which were brought back by the Windward after leaving the explorer on Franz Josef land, and which were kept sealed up in one of the cabins of the Windward during her return trip, were opened yesterday and the papers were found to record that the expedition landed at Cape Flora on Sept. 7, where they erected log houses. All the members were given certain duties to insure regular exercise. Bear soon appeared to the number of thirty, and, together with eight walruses, were killed and added to the winter's provisions. The only man who died of scurvy refused to eat bear's meat. The winter was very tempestuous, and the arctic bears prowled around the log cabins, and even looked in at the windows. The winter's darkness ended on Feb. 23.

Jackson and two others started north on March 10, with two ponies and two sledges. The temperature was sometimes 45 degrees below zero. The ponies proved to be invaluable for clambering over hummocks in the ice. The country generally was at a height of 2,500 feet, and was covered with ice sheets, which were interrupted along the coast by high basaltic cliffs, on which were found mosses and arctic flowers. Many geological specimens were taken, which show that the formation of the land is mainly basaltic.

The journey revealed many inaccuracies in the charts. The land was found on the Austria sound coast line to be very different than is shown by the maps of the Austrian expedition. Sea islands were found where the mainland was supposed to exist. The furthest point which was reached was latitude 81 degs. 20 min. north, where two boats were left for use later in the summer. Three depots were also established en route.

A second journey began in April and ended in the middle of May. It was attended with stormy weather, and frequently the temperature was fifty degrees below zero. Progress was difficult on account of the deep crevices and the morasses of mud.

Another Proof of Garfield's Loyalty.

INDIANAPOLIS, Oct. 24.—In an interview printed in The News Colonel W. R. Holloway, of this city, said that on the second day of the Republican convention at Chicago in 1880 he dined with General Garfield and Colonel Robert G. Ingersoll. Holloway expressed the belief that Garfield would be nominated at the end of a hard fight. Garfield turned to Holloway and said: "That is not possible, and I hope you will not talk that way. I am here for Sherman, and am doing everything that it is possible for me to do to secure his nomination. You are known to be a friend of mine, and if you should repeat that remark it might be misunderstood."

Fifth Marquis of Waterford Dead.

LONDON, Oct. 24.—Henry de la Poer Beresford, fifth Marquis of Waterford, is dead. He was born in 1844, and is succeeded by his son, the Earl of Tyrone, who was born in 1875. The marquis committed suicide with a revolver at Curragmore. He has been in failing health, owing to an accident to his spine while hunting several years ago. It is feared that his wife's health will be seriously affected, as it is delicate. Lord Waterford underwent a surgical operation in 1891, which afforded him great relief, but a second accident last June caused a recurrence of his trouble and subjected him to great pain.

Robbers' Dynamite Awoke the Neighbors.

OREGON, Mo., Oct. 24.—A daring attempt was made at 2 o'clock in the morning by two or more unknown men to rob the Citizens' bank, of this city. The building was entered from the rear, and then dynamite was used and the vault door was blown open. A charge of dynamite was applied to the safe, which tore off the front and entirely wrecked the vault. This explosion awakened the people sleeping in the block where the bank is located, and the robbers became alarmed and fled. Considerable damage was done to the bank. No money was obtained.

Four Children Murdered.

DEVIL'S LAKE, N. D., Oct. 24.—Dr. W. E. Swanston has returned from a trip twenty miles north of Towner, on the Mouse river, where he was called to testify before a coroner's jury. The family of William Burmeister, consisting of Lena, 10 years old; William, Otto and Gustave, were killed by an unknown fiend. The little girl was assaulted, and the skulls of all were crushed by a blunt tool. The house was burned to conceal the crime. The father was away at work.

Fatal Railroad Wreck in Virginia.

EAST RADFORD, Va., Oct. 24.—A fast through freight on the Norfolk and Western railroad was wrecked by a herd of cattle three miles west of Max Meadows. Engineer George O'Neill, Fireman C. P. Lindamood and Front Brakeman Edward Houston, all of Bristol, Tenn., were instantly killed. Conductor Lewis Moore and two other brakemen were seriously injured.

The Pope's Strength Rapidly Declining.

LAUSANNE, Switzerland, Oct. 24.—The Gazette de Lausanne says that although it is not true that the pope is dying, it is learned that his strength has rapidly declined during the last few months. His entourage is of the opinion that he will not survive the winter, and it is added that all his vitality seems to be centered in his brain.

The Salisbury-Bayard Interview Denied.

LONDON, Oct. 24.—The United States embassy issues a statement saying that Mr. Bayard has had no communication, written or verbal, from the British foreign office, or from the Marquis of Salisbury, which could be classed as unpleasant, or as in any way justifying the statements contained in recent dispatches.

Ex-Senator Van Wyck Improving.

WASHINGTON, Oct. 24.—The condition of ex-Senator Van Wyck, of Neb., is somewhat improved, and his physician is hopeful that he may rally from the paralytic attack.

TURKISH VENGEANCE.

Speedy Punishment of Plotters Against the Sultan.

REPORTED EXECUTION OF FIFTY.

Arrested on Saturday and Summarily Tried and Sentenced to Death—Young Turks Still Continue Their Vehement Talk—The Macedonian Difficulty Threatening.

CONSTANTINOPLE, Oct. 24.—Sinister stories are afloat regarding the vengeance wreaked on the leaders of the young Turkish party. A leading Mussulman lawyer named Izzet, whose arrest was reported some time since, was tortured, and died in Yildiz prison on proof of corresponding with the party. There is another unconfirmed rumor that fifty leaders of this party were arrested on Saturday, and were summarily tried and executed on a charge of excesses during the recent Armenian riots.

A hundred Turks were arrested on Saturday and thirty-eight Shoftas and five students of the military college on Monday. All are closely connected with the young Turkey agitation.

The young Turks continue vehement talk among themselves, but it is believed that the sultan's vigor has nipped the agitation against the palace government. He has further had his two brothers, Murad and Reshad, brought to Yildiz and kept there until matters have calmed down.

It will be remembered that a dispatch from Constantinople, which was telegraphed the Associated Press on last Saturday, told of a warning received by the British ambassador, Sir Philip Currie, from an Armenian source, that there was a plot by the young Turkey party to kill him, and thus bring disgrace upon the Armenian people. It is said that another such warning has been received by the ambassador.

The foreign ambassadors highly approve the personnel of the commission of control which the grand vizier has chosen. But the sultan, preferring elastic instruments, is likely to disapprove. If the Armenian reforms are executed in a proper spirit it will greatly benefit the empire. That this should be done is of vital importance, in view of the impending Macedonian difficulty, which is far more menacing than was the Armenian.

HEIR TO AN IRISH FORTUNE

Discovered in Dayton, O., by an Attorney for the Antrim Estate.

MINNEAPOLIS, Minn., Oct. 24.—The recent death of the Duke of Antrim, the owner of a vast estate near Belfast, Ireland, brings to light a highly romantic condition of affairs, involving the appearance of a long lost heir to an old Irish family fortune of $80,000,000 and the importunate claims of a host of alleged illegal heirs.

A very important party to the story is a resident of this city, Enoch A. Thompson, of No. 408 Nicholas avenue. The story in brief is this:

Enoch Thompson's grandfather, Joseph Thompson, was the owner of the estate of Antrim, in North Ireland. Just before the Orangemen's rebellion he was forced to fly for his life at a few hours' notice, leaving all his property uncared for. Last night Enoch Thompson, of Minneapolis, received a letter from his father, the only living heir of Joseph Thompson, stating that the attorney for the Antrim estate had sought him out, and the letter contained an earnest request for Enoch to come to Dayton, O., and make himself acquainted with the situation.

The Rush for the Gold Fields.

BUTTE, Mont., Oct. 24.—The news of the rich gold discoveries at Harley Creek was kept as quiet as possible for several days, till a number of claims had been located by those interested. Then as the news leaked out there was a grand rush from Neihart, about half the population of that camp turning out in search of a fortune. At the new gold mining camp, which has been named Johannesburg, the hills are fairly covered with prospectors.

Van Alen Will Furnish Bonds.

NEWPORT, R. I., Oct. 24.—James J. Van Alen, against whom suit has been brought by Colonel Colt for the alleged alienation of his wife's affection, returned to this city yesterday and went at once to Wakehurst, his villa in the suburbs. The writ of arrest against him could not be served, as it was election day. It is said the writ will be served tomorrow at the office of Mr. Van Alen's legal adviser, Colonel Samuel R. Honey, and that he will furnish the bonds and leave immediately for Europe.

A Paint r's Perilous Slide.

ELIZABETH, N. J., Oct. 24.—While Charles Mullin a painter was painting the flagstaff on public school No. 1 he lost his grip and slid down the pole with terrific speed for a distance of thirty-five feet, when he struck against a cross piece used for fastening the halyards. This stopped his descent, and he hugged the pole until he was rescued. The flesh of Mullin's legs was badly torn and he was taken to a hospital.

A Moonshiner's Tragic Revenge.

RICHMOND, Ky., Oct. 24.—A double murder is reported from Jackson county, near the Madison county line. Peter and Henry Gabbard were shot and killed by Sanford Lakes, and the latter is now at large. The cause of the killing appears to be that about two years ago the Gabbard boys were instrumental in the discovery and destruction by revenue officials of an illicit still operated by Lakes.

Hundred Mile Cycling Record Broken.

LOUISVILLE, Oct. 24.—Yesterday afternoon, at Fountain Ferry, B. W. Twyman broke the 100 mile bicycle record. The former record, made by himself during his last twenty-four hour record ride, was 4:20:19. His time yesterday was 4:27:32. The first fifty miles covered was a minute or so behind the record. The last mile was made in 2.47. Quads and tandems were used to pace.

THE BEHRING SEA CLAIMS.

The Canadian Commissioners Will Arrive in Washington on Monday.

WASHINGTON, Oct. 24.—It is stated officially that Sir MacKenzie Bowell, high commissioner of Canada, and Sir Charles Tupper, minister of justice in the Canadian cabinet, will arrive in Washington on Monday next to assist in the Behring sea convention. The meetings of the convention will be held at the state department, Secretary Olney representing the United States and Sir Julian Pauncefote, the British ambassador, representing her majesty's government.

The issue involved is largely one of fact and not of law. The Paris tribunal held that the Canadian sealers captured in Behring sea had a right to be there and that they were entitled to damages for the seizure. The sealers claim over $1,500,000. By an agreement between the late Secretary Gresham and Sir Julian Pauncefote this was scaled down to $473,000. Congress refused to ratify the agreement, it being asserted by Senator Morgan in the senate and Representative Hitt in the house that the amount was excessive. The coming convention will seek to reach a fair mode of adjustment. Under the Paris award some sum must be paid by the United States, so that the only question involved is how much that payment should be.

The Prize Fight Fizzle.

HOT SPRINGS, Oct. 24.—The supreme court at Little Rock yesterday rendered its decision in the Corbett case. Judge Leatherman's decision was reversed and the prize fight law sustained. Corbett was remanded back to the custody of the sheriff of Garland county. Chief Justice Bunn, in delivering the opinion, severely criticised Chancellor Leatherman, saying he had no authority for his action in the habeas corpus case. Now the representatives of both fighters, since it is known there can be no fight here, are claiming that their men are anxious to get at each other, but thus far it has ended in talk.

To Prosecute Crooked Bank Officials.

WEST SUPERIOR, Wis., Oct. 24.—Resolutions have been adopted by the city council ordering the city attorney and a committee of aldermen to investigate the condition of the Superior National bank, the Douglas County bank and the Bank of South Superior, with a view of starting criminal prosecutions against the officers. It is said the city lost a large amount by the failure of the banks, alleged to be due to reckless and negligent management. It is said the Superior National was insolvent for twelve days, meantime receiving all deposits offered.

A Verdict for the Sexennial League.

HARRISBURG, Oct. 24.—Judge Simonton, in the Dauphin county court, yesterday made a decree refusing the application for a receiver for the Sexennial League, in the quo warranto proceedings instituted by the attorney general at the instance of Insurance Commissioner Lambert. The effect of the decree is to enjoin the order from paying out accumulated benefits a larger amount than the treasurer's pro rata portion of the reserve fund, less payments in advance. The officers of the league say that this is a virtual ratification of their methods.

Run Off With the Esquire's Money.

CLEVELAND, Oct. 24.—Mrs. John Hawkins, of Niagara Falls, who followed her eloping husband and a variety actress to this city, has succeeded, by her hot pursuit, in breaking up the affair. Hawkins was deserted here by the actress, and the detectives have information that the elopement was a scheme planned by the actress and her husband to bleed Hawkins, and that they succeeded in capturing all the money he had. Hawkins discovered that his wife was after him, and has fled to Buffalo, whither she has followed him.

Thefts of Government Timber.

FRESNO, Cal., Oct. 24.—Special Agent Brokenborough, of the United States land office, has been investigating the alleged depredations of the timber thieves in the Sierras during the past three weeks. Major Brokenborough has seized over a million feet of lumber cut from government timber. He stated that a vast number of depredations had been made on government lands. The sawmills of Pine Ridge have been making large inroads on Uncle Sam's timber.

To Save Armenians from Starvation.

LONDON, Oct. 24.—A meeting was held yesterday of the Armenian relief fund committee for the purpose of raising £8,000 further. The British ambassador at Constantinople has declared that this amount would be necessary to preserve the Armenians from starvation during the winter. The Duke of Westminster, who is the chairman, expressed the committee's most hearty thanks for the handsome donations by the citizens of New York.

National Republican Committee Meeting.

NEW YORK, Oct. 24.—Senator Thomas H. Carter of Montana, chairman of the Republican national committee, last night issued the following call: "The Republican national committee is hereby called to meet at the Arlington hotel, Washington, D. C., at 2 o'clock p. m., Dec. 10, 1895, to designate a time and place for the meeting of the national convention in 1896, and to transact such other business as may demand consideration."

Flood Damage in Roumelia.

SOFIA, Oct. 24.—Heavy rains that have fallen in Roumelia have caused the Maritza river to overflow its banks. Immense damage has been done in Philippopolis, the capital of Roumelia, which lies on both sides of the river. The town of Stanimaka has been destroyed. Trains on the railway between Sofia and Constantinople have been stopped by the high water.

Bessie Fairbanks Released from Custody.

NEW YORK, Oct. 24.—Bessie Fairbanks, the young woman who shot and blinded Isaac Cochrane in March last, was yesterday discharged from custody by Judge Allison, in Part I, general sessions. The shooting was done, so the girl at the time asserted, because Cochrane, whose father is a wealthy resident of Newburgh, N. Y., had deserted her.

A SOUTH CAROLINA ROW.

Senator Tillman Taunted by a Delegate from Abbeville.

THE CONVENTION AT FEVER HEAT.

For a Time It Was Feared There Would be a Personal Encounter Between the Senator and Mr. Gary, but Mutual Friends Prevented a Hostile Meeting.

COLUMBIA, S. C., Oct. 24.—Last night the constitutional convention was enlivened by a hot war of words between Senator Tillman and Mr. Frank B. Gary, a delegate from Abbeville, during which the lie was passed and it was expected that the two men would come to blows immediately after adjournment, which took place at midnight.

Senator Tillman is a firm advocate of forming new counties, while Mr. Gary is not. The former had been taunting Mr. Gary with forming unholy alliances politically to defeat new counties, though he never said exactly what they were.

Last night Mr. Gary said that it ill become Benjamin R. Tillman to taunt any one with forming such alliances. He, Tillman, had entered into a secret combination to rush three new counties through the convention, and it came with poor grace from a man like him to be throwing such things into the faces of other men.

Senator Tillman got very much excited and resented the imputation against his honor and honesty. He said he did not want to have a personal difficulty with the gentleman or to break friendly relations, but he could not sit quietly by when such an untruth was uttered.

Mr. Gary replied that parliamentary usages and the respect he had for the convention prevented him from resenting then the words used by Senator Tillman, but he would hold him personally responsible outside. The convention was in an intense state of excitement. Senator Tillman made no reply, but sat quietly in his seat, though it could be seen that he was much wrought up.

Before adjournment friends began to try to settle the matter and avoid difficulty, which they succeeded in doing. After the convention both gentlemen met and mutual explanations were made. Mr. Gary misinterpreted some remarks Tillman made on Tuesday and that led him to call the senator to task, with the wordy war as the outcome. Mr. Gary is a cousin of Governor Evans, who was quite active in bringing about a reconciliation.

Killed an Officer to Avoid Arrest.

TIFFIN, O., Oct. 24.—Lee Martin, a farmer near Watson, yesterday tried to strangle a small boy to death. His screams brought the assistance of Frank Burkhart, who was hunting in the woods close by. Burkhart swore out a warrant for Martin's arrest, and last night Officer Sweeney and Marshal Shulz went to the scene. When they reached the home of Martin a terrible struggle occurred, in which Marshal Shulz was shot and died within a few minutes. Officer Sweeney was also shot, but not fatally. It is feared Martin will be lynched, though he is strongly guarded.

University Defeats Duquesne.

PITTSBURG, Oct. 24.—The score in yesterday's football game was: University of Pennsylvania, 30; Duquesne, 0. This is the lowest score the university men have made this season. The game was fast and furious from start to finish. The first half results in one touchdown for Pennsylvania, no goal being kicked. In the second half the university made five touchdowns and kicked three goals. The weather was fine and a crowd of about 5,000 was present.

A Mine Fire Spreading.

WILKESBARRE, Pa., Oct. 24.—The fire in No. 5 Delaware and Hudson mine at Plymouth has reached the plane, and has attacked some of the timbering. This has weakened the supports, and there are frequent falls of roof, making the work of fighting the flames exceedingly hazardous. Flooding the mine is the only remedy, and old miners say unless this is done there will be a general squeeze, such as that at the ill fated Gaylord mine over a year ago.

An Iron King's Suicide in Paris.

MILWAUKEE, Oct. 24.—A telegram from Paris, France, received here by the family of Francis Hinton, the Millwaukee iron king, announces that Mr. Hinton had committed suicide in his hotel at Paris. Mr. Hinton was a man of great wealth, and was well known in the iron trade throughout the country.

Footballists Robbed While at Play.

NEW BRUNSWICK, N. J. Oct. 24.—The football team of Swarthmore was yesterday defeated by the Rutgers by a score of 26 to 12. Incidentally the members of the visiting team were robbed of about $1,500 worth of jewelry and other valuables. The game took place at Neilson field, and the Swarthmores were assigned the gymnasium as a dressing room. They placed their valuables in one of the lockers, and that was the last that they saw of them.

THE SALE OF LAW.

What the Control of the Legislature is Worth to the Platt Machine.

"And in order that Mr. Platt may not misapprehend the position of the Tribune, we deem it proper to say, further, that it has not denounced him as a 'blackmailer.' That is what his own newspapers hurried to say was the real meaning of the transactions which he has carried on, as we have explained, as intermediary between the corporations of this town, the Republican State Committee and the State Legislature. It is their definition of transactions which are notorious and susceptible of proof. Possibly in their haste they exaggerate. At any rate, they have not yet persuaded Mr. Platt to begin a libel suit. Nor has he persuaded himself to touch off his dynamite bomb. But the Tribune has said and will continue to say that the practice which has obtained of late years of permitting corporations of this town to subscribe to Republican campaign funds with the understanding that Mr. Platt is to receive their contributions and disburse them by his own check at his own pleasure, without responsibility or accounting, is all wrong; that it is the taproot of political corruption and must be cut off. In saying this the Tribune represents the honest voters of the Republican party. It can not say less and be true to its traditions. And it will not cease saying it, though Printing House Square were full of Mr. Platt's dynamite bombs and he sitting on them with a lighted torch. Meantime, it sincerely congratulates Mr. Platt upon the circumstances that, in the opinion of some newspaper editors, the discontinuance of the practice will not affect at all his personal income."—New York Tribune (Rep.).

The Sorrows of McKinley.

Manufacturers and jobbers are in the midst of a tremendous business. Labor is being employed at advancing wages, free wool is stiffening in price, all these in spite of the repeal of the McKinley tariff. We fear that Harrison and Reed are not as sorry for McKinley as they should be in this his hour of trial and tribulation.—Louisville Post.

The new tin plate mill at Harrisburg does not merely dip imported black sheets in imported tin. It is making the plate complete. If Mr. McKinley wants genuine American tin for badges let him go to Harrisburg, and thank the Democrats for repealing his ridiculous tin tax.—New York World.

It is very certain that there is no appreciable amount of stirring partisan enthusiasm evoked by the mention of the name of any one of those who are being boomed for the Republican national nomination.—Buffalo Commercial (Rep.)

A Fact That Should Not be Forgotten.

Claiming as a party of principle to be the champion of sound currency, the Republican party perfected the Sherman law. Mr. Reed, now a candidate for the Republican nomination for the presidency was speaker of the national house. Mr. Sherman, now superannuated, was the most conspicuous member of the Republican senate. Benjamin Harrison was the president of the United States. The Sherman law was the party's idea of sound finance. It became necessary for the safety of the United States to demand repeal of that bill, but success was not had in that direction until there was a Democratic administration.—Chicago Chronicle.

The Low Tax Party.

It was the Democratic party in their few years of power at Albany which gave the people the lowest tax rate they had enjoyed in thirty-six years, which conceived and executed an elaborate system of indirect taxation relieving real estate of half its burden for the support of government—which established rigid safeguards about the expenditure of public money in State institutions—which so jealously guarded the public funds that not a dollar out of hundreds of millions was lost or stolen.—Ex-Gov. Flower at Syracuse convention.

Importance of One Vote.

A vote next November for a New York State Senator while it may chiefly affect only a locality, may, a year off, control the selection of a New York Senator at Washington, on whom currency reform and tariff reform may turn. Thus it is, that even the most local candidate and the most local votes, will this year have the largest national relation.—From Temporary Chairman Perry Belmont's speech at Syracuse convention.

"An Organized Hypocrisy."

The Republican party, by reason of its insincere treatment of this question, can justly be denominated "an organized hypocrisy." The only hope of the people lies in the triumph of the Democratic party in the coming election. Fair-minded Republicans will aid in securing that victory.—Senator Hill on Personal Liberty.

The Religious Boss.

Boss Platt and his bosslings say they "stand by the Christian Sabbath." The Boss is a very religious man. He is kept busy dodging around from one church to another trying to find clergymen who preach sound doctrine undefiled with reference to the identification of Christian morality with good government.—Buffalo Commercial (Rep.).

"An Organized Hypocrisy."

The Republicans of the State declared for the maintenance of the Sunday laws in the interest of labor and morality, but the Republicans of New York city declare that there should be local option regarding the sale of liquor on Sunday. This is an interesting condition of things.—Rochester Post-Express (Ind. Rep.).

No Rooseveltism.

We earnestly desire the ascendency everywhere of sobriety and good morals, but while favoring these ends we reject the means by which they are oftentimes erroneously sought to be accomplished. —Senator Hill on Personal Liberty.

The Democratic Star.

The single star at the head of the Democratic ballot, dear Republican friends, is like the morning star which shines when all the lesser lights have gone out.—Brooklyn Citizen.

Platt Himself is the Candidate.

The Republicans in this State are not going to vote for "snide" candidates for State senator, that they may get a vote for some Platt "snide" candidate for the United States senate.—Buffalo Commercial (Rep.).

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

VOTE BY THE STAR.

GRATIFYING PROGRESS OF THE DEMOCRATIC CANVASS.

Good News From All Quarters—The Star Ticket Constantly Increasing In Popularity—Splendid Prospects of Democratic Victory.

[Special New York Correspondence.]

But two weeks remain until that eventful day which will decide whether the Empire State is to be redeemed from the yoke of high taxes, excise hypocrisy and intolerant bossism and to take its place again as the most prominent of Democratic states, or to put on once more the collar of Plattism, to groan under the burden of increased taxation and to bring about by its deliberate selection hard times again. The campaign has progressed now sufficiently to enable one to get at a pretty reliable estimate of the situation.

Taking the most conservative view of the outlook, your correspondent can say that the chances for a pronounced Democratic victory in this state have immeasurably increased during the past week. The popularity of the Star ticket is now firmly established. It is the talk of the town here and in Brooklyn; visitors from all parts of the state are loud in its praises, and the efforts of the enemy have been tried in vain to take its hold on the public.

It is easy to account for this popularity. First of all, the ticket is the deliberate choice of a Democratic convention free from all bossism and dictation. Next, it is a clean ticket, consisting of reputable, able, representative men, all well qualified to fulfill the duties of the responsible positions to which they aspire. It forms a contrast to the Platt ticket, which has already been proved by two years' experience and has been found wanting. The demoralized condition of some of the departments of the state government, administered by Republicans, is a sufficient warning to the people not to trust them any more.

The last two years in the departments at Albany controlled by Republicans have been characterized by increased expenses and marked incompetency. The state department has been made the medium for the most unfair and unjustifiable partisanship. Ask any lawyer who has had dealings with the attorney general's office and he will unhesitatingly say that a law school should be established there. The failure of the comptroller to secure for the state the full revenues provided for by wise Democratic legislation appears from the small returns made from certain sources. The competent, well trained force in the state treasurer's office was supplanted by incapables who at the end of the first fiscal year of the present administration got the treasurer's books in such shape that former Democratic clerks had to be called in to straighten out the books. The task of getting the treasurer's books in anything like a proper, intelligible condition lasted nearly three months. The state engineer's office has evidenced in every way the absence of a thoroughly trained, competent chief. Yet these are the officials the Republicans have put up again for popular indorsement.

Latest From Democratic Headquarters.

The week has been an eventful one at the headquarters of the Democratic state committee, 27 Madison avenue. Exact, reliable information on the canvass was received from all parts of the state, views were exchanged between Democratic leaders and an exact diagnosis was had of the political outlook. The news is of the most gratifying kind.

The party is united, confident and strengthened. The Republicans are apathetic, demoralized, despondent.

The registration has fallen off in some of the Republican strongholds to such an extent that it is estimated the loss to the Republican vote will be not less than 40 per cent.

On the other hand, Democratic registration has been kept pretty well up to a high point in every district. There is every satisfactory prospect of getting out a full Democratic vote.

The greatest interest is manifested in the success of the Star ticket. If Democrats everywhere will keep up to the day of election the interest they are now showing, there will be no doubt of the result.

The Democratic state committee at its meeting at headquarters was very much encouraged by the splendid news received from one end of the state to the other. The chairmen of the Democratic county committees also had a most enthusiastic meeting, at which the reports handed in indicated an old time Democratic victory this election.

All that was necessary to insure such a victory was to awaken the people to a thorough realization of the evils of Republican rule. The Republicans have done that most effectually by their ruinous tax rate and Warner Miller's exposure of Republican hypocrisy and double dealing.

CAPTAIN BECK'S LEGAL VICTORY

The Supreme Court Dismisses the Case of the Flournoy Company.

WASHINGTON, Oct. 24.—The supreme court yesterday dismissed the case of the Flournoy Live Stock company against Captain Beck, agent of the Omaha and Winnebago Indians. The decision was expected by the Indian office, and it is now believed that there will be no further troubles on the Omaha and Winnebago reservation. In a report recently submitted to the Indian office Captain Beck, the agent, said that an early dismissal of the case would result in a speedy settlement of all the troubles. In every case so far tried, and in every court the decision has been in favor of Captain Beck and against the Flournoy company.

The officials of the Indian office say that they have in the past and stand ready in the future to back up Captain Beck, who has carried out the instructions of the office with strict fidelity. Although there was no doubt that the courts below would be sustained, the Indian office is pleased to have the fact established beyond all dispute that the Indian lands are under control of the office, and cannot be leased by the Indians without the consent of the office.

It was claimed by the Indian office that the leases obtained by the Flournoy company did not give the Indians full value for the use of the lands, and the company was enabled to lease the lands to other parties at a great profit. The Indian office says middlemen will not be permitted to operate in dealing with Indian property, but intend that the Indians themselves shall obtain all the benefits which can be derived from their lands.

Dr. Talmage in His New Charge.

WASHINGTON, Oct. 24.—In the presence of a gathering that filled the edifice Rev. T. Dewitt Talmage was last night installed as co pastor of the First Presbyterian church of this city, to which he had recently been called. The First Presbyterian church, of which Rev. Dr. Byron Sunderland is pastor, was chosen by President Cleveland as his place of worship when he first came to Washington as the chief executive of the nation, and he renewed the choice when he again became president in 1893. Included in the assemblage were a large number of Washington divines, to whom a special invitation to be present had been extended by Dr. Sunderland. Among those in the gathering were Rev. Frank Dewitt Talmage, a son of the Brooklyn preacher.

Two Killed in a Mill Explosion.

NEWBURYPORT, Mass., Oct. 24.—The Fiberloid Manufacturing company's building in this city was wrecked by an explosion yesterday. Charles McManus was killed, James H. P. Reed fatally injured and four others seriously hurt. The side of the building was blown completely out and the roof carried nearly 200 feet into the air.

A Verdict for Pennsylvania.

HOLLIDAYSBURG, Pa., Oct. 24.—The Commonwealth of Pennsylvania yesterday won a suit for $27,000 against the estate of Cyrus Bailey, late of Blair county. Mr. Bailey died leaving a large estate, but no kindred. The court ordered that the property be given into the custody of Congressman J. D. Hicks, the state escheator.

A Victory for Princeton.

PRINCETON, N. J., Oct. 24.—The Tigers defeated Union here yesterday by the score of 22 to 0 in two halves of twenty and fifteen minutes. Captain Lea allowed Union to play under the Pennsylvania-Harvard code of rules, and their mass plays, in which six men were drawn behind the line, were used with telling effect.

Mr. H. C. Norton, the President of the Newburgh electric road, has purchased the interest of A. E. Blunck in the *American Fancier*, a weekly paper devoted to poultry, pigeons and pet stock, published at Johnstown, N. Y. The office of the paper will be removed to Newburgh. Mr. J. H. Drevenstedt retains his interest in the business and will have the editorial management.

Temporary Suspension of Coinage.

WASHINGTON, Oct. 24.—The appropriation for the recoinage of worn and uncurrent silver coin for the current fiscal year is exhausted, and no further transfer of such coin can be made from the treasury to the mints for recoinage, and it is the intention of the secretary of the treasury not to resume, for the present at least, the coinage of silver bullion purchased under the Sherman act, and as the stock of gold bullion on hand at the mint at New Orleans is very limited, the secretary has decided to discontinue all coinage operations at that mint for the present.

Secretary Olney Will Not Resign.

WASHINGTON, Oct. 24.—The published intimation that Secretary Olney intends to resign because he has not been supported by the president in his foreign policy is wholly discredited here, and persons close to the secretary insist that the relations between him and the president are of the most cordial and intimate nature, and have been such since Mr. Olney assumed the administration of the state department. His visit to Boston at this time is said to have been required by pressing private business.

The New Battleship Texas.

NEW YORK, Oct. 24.—The new United States battleship Texas arrived off Tompkinsville, Staten Island, last evening. She came direct from Norfolk, where she was built in the navy yard. No attempt was made to speed her during the trip up the coast. The Texas was run to the navy yard and put into the dry dock. This afternoon when she leaves the dry dock she will proceed to Boston to await her trial on the government course. She carries a crew of 505 men all told.

Two Men Lynched by Cowboys.

HENNESSEY, O. T., Oct. 24.—Two more members of Seth Wyatt's band of desperadoes have answered for their many deeds of lawlessness. They are Jim Umbra and Mexican John, two Mexicans. The two Mexicans had stolen fifty head of cattle belonging to E. F. Chapman, and his cowboys gave chase. They closed in on the desperadoes fifteen miles from Cantonment, and after a fusilade of bullets the bandits surrendered. The cowboys identified the cattle and taking a rope pulled the two men up to the first tree.

Schooner Stranded, Crew Rescued.

CAPE HENRY, Va., Oct. 24.—The schooner H. J. Bradley, of Newport News, Va., employed by the Wright Wrecking company on the wrecked steamer Margaret, stranded four miles northwest of the light house at this place. The crew of the vessel was rescued. The Bradshaw will probably be saved.

Odds of $100 to $80 on the Tammany city ticket have been offered in New York for several days without finding any takers. Yesterday the odds were increased to $100 to to $75 and still there were no takers.

The reckless extravagance of the Republican Legislature, which made necessary a tax rate of 3 21, the highest in years, imposed very heavy burdens on the property owners of the State. Just how it increases taxation may be seen from the following figures, which show how much more certain well known property owners of Middletown will have to pay for the support of the State government, this year, than they did in 1894, under a Democratic administration:

	State Tax '94	State Tax '95	Increase
George B Adams	$30 12	$41 05	$11 93
Oscar Winters,	36 50	50 05	14 85
Jacob Gunther,	35 47	48 90	13 43

THE FIGHT AGAINST LEXOW.

Hon. Frank Demarest, of Rockland county, said, at Democratic Headquarters in New York, yesterday: "You have asked me what I know of the canvass in Rockland county, more especially as to the fight between Mr. Dickey and Mr. Lexow for the senatorship. My position as chairman of the Rockland County Democrat c Committee has given me a good opportunity to size up the senatorial fight in our county, and I am free to say that Mr. Dickey s vote will surprise our friends throughout the State. Wherever you go among the plain people of old Rockland you can scarcely hear a man say that he intends to cast his vote for Lexow, while Dickey's name is most always mentioned as the choice. My experience in political affairs leads me to believe that this is a very good omen for our candidate. Mr. Lexow has lost st ength with our people from the fact that he is dominated by one man, from whom he has always taken his orders and obeyed his commands. This is very distasteful to many Republicans in Rockland county, which they say they will condemn on election day by voting for the Democratic candidate. Then there is another matter which Mr. Lexow and his party are held accountable for by the taxpayers up our way, and that is the largely increased State tax rate which Mr. Lexow and his party has put upon the tax paying people. For these reasons and others which time does not give me an opportunity to advert to, I hear very cheering reports from Orange county favorable to Mr. Dickey's success. Hundreds of Republicans in that county have openly avowed their intention to vote against Mr. Lexow. I am confident that Mr. Dickey will be Mr. Lexow's successor, and if he is I can assure the citizens of the Twenty-third Senatorial District that they will have a representative who will serve them faithfully and well, as he served Rockland county in the Assembly in the years 1886 and 1887."

A Squirrel Hunter's Story.

John M. Dann, of Gregory Hollow, Delaware county, shot a squirrel, a few days ago, which he says had a stalk of corn growing out of the side of its head. His theory is that the squirrel had tried to swallow the corn, which had become lodged in some way, and in course of time had sprouted and grown.

Few Distilleries in Operation.

Dr Spriggles in the Newburgh *Journal* says.

I met with Mr. Michael Durkin, Internal Revenue Inspector, at Greycourt, a few days ago, and was informed by him that there were twenty odd distilleries in operation in his territory last year, but this season there are are only seven. This falling off in the number was occasioned by the scarcity of water. He stated that there is on hand considerable "apple jack," and that the boys who gargle their thoraxes with apple jack will not have to go dry.

Cullinan—Walters.

An interesting social event occurred at St. Joseph's Church at 4 o'clock yesterday afternoon, when Mr. T. Frank Cullinan and Miss Emma, daughter of Mr. Thomas Walters, were united in marriage by Rev. J. P. McClancy, pastor of the church. The church was crowded with relatives and friends of the young couple.

Miss Mamie Cleary was the bridesmaid, Mr. John Farrell, of Jersey City, the best man, Vida, daughter of Mr. David McNevin, the maid of honor, and Messrs. James Gavin and James Short the ushers.

The bridal party entered the church in the following order: The ushers, maid of honor, bearing the ring upon a silver salver, the bridesmaid, leaning on the arm of the groom, then the bride, leaning on the arm of the groomsman. As the party marched up the aisle, the organist, Mr. J. M. Garland, played Schlesinger's new wedding march.

The bride's gown was a handsome one of white brocaded satin, with pearl trimmings. She carried a bible and an antique lace handkerchief, a family heirloom.

The bridesmaid's dress was of pink brocaded satin, with lace trimmings, and she carried a bunch of pink rose buds. The little maid of honor looked pretty in a dress of white dotted Swiss.

After the ceremony the happy couple were driven to the home prepared by the groom for the reception of his bride, at the corner of Washington street and Lafayette avenue, where they gave a reception, which was attended by a large number of friends. A fine collation was served, and a pleasant social time was had during the early hours of the evening.

After the reception, Mr. and Mrs. Cullinan left town on Ontario and Western train 6 for New York. They were given a lively send off, the track through the yard being literally covered with torpedos, which exploded in rapid succession as the wheels passed over them, making a racket similar to that of the firing by a battalion of infantry.

The bride is a most estimable young lady and Mr. Cullinan was most fortunate in winning her for his wife.

The groom is one of Middletown's best known and most popular young men. He has long been clerk in the freight department of the O. and W. Railway. He is foreman of Mc Quoid Engine Co., President of St. Joseph's I. C. B. U. and President of the Columbus Club. He is a jolly good fellow, liked by everybody who knows him and is just the man to make a good husband to the worthy young lady who has given him her heart and hand. We know we voice the sentiment of a large majority of our citizens when we wish him and his bride long life, prosperity and happiness.

Fellows—Kellogg

There was a quiet wedding at the residence of Mr. George A. Swalm, at 2:30 o'clock, this afternoon, the contracting parties being Mr. O. S. Fellows, Manager of the Anglo-Swiss Condensed Milk Co., and Miss Gertrude Kellogg, a niece of Mrs. Swalm.

The ceremony was performed by Rev. Dr. Thomas Gordon, pastor of the First Presbyterian Church.

There was only a small company present, and these were relatives or intimate friends.

Mr. and Mrs. Fellows left town on Erie train 2 for New York.

VanDervort—Bradner.

From the Warwick Dispatch.

The marriage of Miss Ida Bradner and Mr. Fred T. VanDervort took place at high noon, Wednesday, at the home of the bride's parents, Mr. and Mrs. John B. Bradner, of Bellvale.

The room in which the ceremony took place was pretty decorated with roses and ferns. The bride wore an exceedingly prettly gown of cream white satin en train, trimmed with pearls and opals, with full tulle veil, caught with the diamond engagement ring and blossoms. She carried a bouquet of white roses and maiden-hair ferns.

Miss Bertha M. Furman, the maid of honor, was attired in nile green silk and carried La France roses.

The little bridesmaids were Miss Lelia Bradner, sister of the bride, and Miss Rita Hall. They wore gowns of white China silk and carried baskets of pink roses.

Mr. Willard VanDervort, brother of the bridegroom, was his best man, There were no ushers.

The wedding dinner was furnished by Caterer Smith of Warwick, and the music by Collins of Newburgh.

Only relatives and a few intimate friends witnessed the ceremony, after which Mr. and Mrs VanDervort left for the south.

Crans—Ward

From the Port Jervis Union

At the parsonage of the Methodist Episcopal Church on the 15th day of October, 1895, Mr. Jesse Crans, of Middletown, N. Y., was united in marriage with Miss Cora E. Ward, of Binghamton, N. Y., by Rev. R. B. Collins, in presence of Mrs. R. B. Collins and daughter, Miss Bertha S. S. Collins.

MADE AN ASSIGNMENT

A Pine Bush Merchant in Financial Straits.

It is with the greatest regret that we learn of the financial troubles of Mr. William T. Wallace, of Pine Bush, who has been compelled, in order to protect his creditors as far as possible, to make an assignment.

The papers were filed in the office of the County Clerk, yesterday morning, and name W. B. Royce, Esq., of this city, as assignee.

The schedule of assets and liabilities has not yet been made out, but it is understood that the assets will foot up about $16,000, but not enough to pay the indebtedness.

The liabilities consist of a few bills for merchandise, a considerable sum of borrowed money and notes for a large amount taken from customers, which he had discounted at the Walden bank, and which the makers have failed to pay. It is understood that the bank is protected by collateral security.

Mr. Wallace has been conducting a large coal, lumber and feed business at Pine Bush, and until a year ago operated a mill. Insufficient capital to carry on such an extensive business and an accumulation of bad debts may be set down as the causes of his failure.

Everybody who knows Mr. Wallace will be glad to see him make such an adjustment of his affairs as will enable him to resume business.

Dr. Woodcock, under whose direction "The Holy City" was sung, last night, and who presided at the organ, says that it is a fine instrument, a credit to its builder and one of which the church may well be proud,

THE SCIENTISTS' NEW PRESIDENT.

Professor Cope and His Famous Controversy With Professors Powell and Marsh.

Professor Edward D. Cope, the eminent paleontologist of Philadelphia, was elected president of the American Association For the Advancement of Science at its annual session lately held at Springfield, Mass.

The mention of the name of Professor Cope recalls a rather lively episode in his career which science did not "walk

EDWARD D. COPE

with gait serene, her crown an olive sprig." In 1890 Professor Cope was engaged in a spirited war of polysyllabic words with Major Powell, director of the United States geological survey, and his assistant, Professor C. O. Marsh of Yale. Professor Cope charged essentially maladministration of the affairs of the bureau, incompetency, lack of scientific knowledge and plagiarism in the reports. The controversy, which was long and acrimonious, reminded one of "Truthful James'" record of the row that broke up the society upon the Stanislaus. Like the "scientific gents." Brown of Calaveras and his opponent Jones, Messrs. Cope, Powell and Marsh

—did engage
In a warfare with the remnants of a pal[e]ozoic age,
And the way they heaved those fossils in their anger was a-plenty
Till the sheriff cut an old mammoth caved the head of Thompson in.

It is hardly true, however, that murder was the result of the Cope-Powell-Marsh controversy, but they continued their fossil throwing until the general public at least was somewhat fatigued.

Professor Cope is a native of Philadelphia, in which city he still resides. He was born July 28, 1840, and was educated at the University of Pennsylvania, in which institution he now holds a professorship. He also studied in the Philadelphia Academy of Science, in the Smithsonian institution and in the European universities and has become recognized as one of the leading scientists of the day. He was for a time paleontologist to the United States geological survey, serving at first in the survey of the territories, and then on the survey west of the one hundredth meridian. He was for many years curator of the Philadelphia Academy of Science.

He is also a member of numerous scientific societies in this country and Europe and has contributed much to the advancement of science. He has written extensively on scientific subjects, and his papers, upward of 350 in number, form a systematic record of the development of paleontology in the United States.

a vigorous body and robust strength follow good health. But all fail when the vital powers are weakened. Nervous debility and loss of manly power result from bad habits, contracted by the young through ignorance of their ruinous consequences. A STATELY OLD MANSION.

The Home of Sarah Orne Jewett, the Novelist, at Berwick, Me.

I wonder if there is another such house in New England as the home of Sarah Orne Jewett, says a writer in the Boston Herald. I have seen many stately mansions that go back to the days before the Revolution — one in particular where General Gage was quartered in old Danvers, a town which is linked by witch threads to Berwick, and one with gambrel roof upon which a good dame and her cronies climbed to be out of reach of husbandly authority while they drank tea forbidden to patriots until the tax was removed—but I have never seen a living piece at once so modern and so reminiscent of 1730 or days younger still. In its great rooms filled with old mahogany and warmed by huge tiled fireplaces it would be easy to forget that the gundalows, with their high peaked sails like great birds' wings, do not yet sail down the river from the landing wharves in fleets of tens and twenties to Portsmouth, with their loads of pine planks and boards to be exchanged for East Indian rum, tobacco and molasses or for Russian iron, duck or cordage, or for such priceless old glass and silver and china as came from unknown ports and now peep out wonderingly upon nineteenth century cushions and pictures and bric-a-brac, from their deep-set cupboards and shelves.

"I found these things here," Miss Jewett says, "and I hope to leave them when I go into the unknown." If one had one's choice of ancestors, it would be impossible to pick out better than those who chose the elaborate cornices, all carved by hand with infinite pains, and the high paneling of the parlors, and the broad window sills, and the flowered wall paper, still bright and fresh, though of a pattern on which Marie Antoinette might have set the seal of her approval when she lifted up the little Trianon.

Trunk Labels.

"I wish you would have a porter come up and wash the labels off my trunks," remarked a well dressed man as he signed his name to the book at the Continental last night. The guest as he spoke pointed to three big trunks that stood in the baggage room. The trunks were covered with the various labels that indicated that they had made a long continental journey. In days gone by these labels were the proper thing, and the man just home from Europe considered those glaring tags as almost sacred. But fashion has changed this year, thanks of the Prince of Wales setting the pace, and now these glaring show bills indicative of travel are no longer in vogue.—Philadelphia Inquirer.

A Redeeming Feature.

A.—My dwelling is bounded on the north by a gas works, on the south by an india rubber works, on the west by a vinegar manufactory and on the east by a glue boiling establishment.

B.—A nice neighborhood, I must say.

A.—Quite so; but it has one advantage. I can always tell which way the wind blows without looking at the weathercock.—Humoristische Blatter.

Still Further.

Senator Palmer tells a story about an Illinois farmer who for several years had been selling his wood for $6 a cord. "This year," says Senator Palmer, "he came to me with a load and I told him that I did not want it. He offered it at $2 a cord. I refused and he wanted to know why I would not take it at $2. I told him I was using soft coal, for which I paid $1.37 a ton. 'Gosh' he exclaimed. 'I heard you was trying to demonetize silver, and now you are trying to defoelize wood.'"—Argonaut.

Making Real Progress.

Cyclist—You must be an expert rider by this time.

Pedal—Sure thing! Knocked a man down at a crossing today.

Cyclist—Well? I don't see the point.

Pedal—That's easy. If I hadn't been an expert rider, I would have lost my nerve and dismounted.—Chicago Record.

A Gauzy Explanation.

"Did yer done hyah what 'Rastus Pinkley says he is?"

"No, I ain' done hyah it."

"He says he's er mim' readah."

"Huh! Dat's er mighty poh 'nology foh de way he played dat pokah game wif me las' night. Mighty poh!"—Washington Star.

At Bay.

Mother—Bobby, the minister is coming to take tea this afternoon. You must behave yourself at the table.

Bobby—All right. But if you don't give me the biggest piece of pie I'll tell the minister that dad went fishing last Sunday and didn't catch cold.—Syracuse Post.

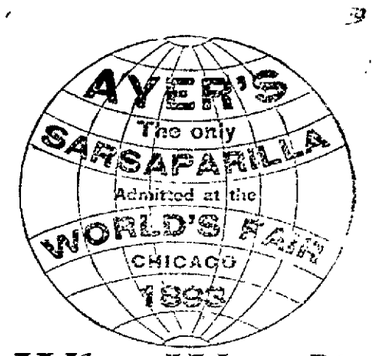
Piles! Piles! Itching Piles.

SYMPTOMS—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. Swayne's Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail for 50 cents. Dr. Swayne & Son, Philadelphia.

It's just as easy to try One Minute Cough Cure as anything else. It's easier to cure a severe cough or cold with it. Let your next purchase for a cough be One Minute Cough Cure. Better medicine; better results; better try it. W. D. Olney.

Sciatic Rheumatism Cured.

L. Wagner, Wholesale Druggist Richmond, Va., says: "I had a fearful attack of Sciatic Rheumatism, was laid up almost two months; was fortunate enough to get MYSTIC CURE FOR RHEUMATISM. This cured me after doctor's prescriptions had failed to have any effect. I have also heard of fine results from others who have used it." Sold by J. E. Mills druggist, Middletown, N. Y.



Why Was It

that Ayer's Sarsaparilla, out of the great number of similar preparations manufactured throughout the world, was the only medicine of the kind admitted at the World's Fair, Chicago? And why was it, that, in spite of the strenuous efforts of the manufacturers of other preparations, the decision of the World's Fair Directors was not reversed?

BECAUSE

According to RULE 15—"Articles that are in any way deleterious or offensive, also patent medicines, nostrums, and empirical preparations, whose ingredients are concealed, will not be admitted to the Exposition," and, that is—

Because Ayer's Sarsaparilla is a strictly pure patent medicine, but is not a nostrum, a secret preparation.

Because its proprietors feel nothing to conceal when questioned as to the formula from which it is compounded.

Because it is all that is claimed to be—a Compound Concentrated Extract of Sarsaparilla, and in every sense, worthy the indorsement of the most important committee, called together for passing upon the manufactured products of the entire world.

It Makes Some Men Tired.

They were from some locality up north and on their wedding tour. In taking in the sights of Detroit they boarded a Woodward avenue car for a ride to the terminus and back. As they sat beside each other, her hand in his hand and his straw hat fanning them both, a grumpy old codger on the next seat sneeringly observed:

"'Nother case of love's young dream, I see!"

The newly wedded looked around at him, but made no reply, and pretty soon he said:

"There ought to be a law against this spooning business! It just makes me tired!"

"Oh, it does!" retorted the young man as his cheeks began to redden. "Mebbe you never spooned when you was a young man?"

"If I did it was *not* in such a public place!"

"What's the place to do with it? Can't everybody tell right off the handle that me'n Jennie are jest married?"

"I should say they could!"

"And that we are on our bridle tower?"

"Yes."

"And that we are jest honey and peaches?"

"That's what tires me."

"It does, eh? Well, it don't tire us. She dotes on me and I'd die for her, and we are going to kiss and hug and squeeze hands and eat gumdrops as long as our $17 holds out and you and all the rest of the old mossbacks in this town can lick your chops and go to grass!"

And he sat down and put one arm around his turtledove and hugged her till the grumpy old man came to his corner and dropped off with a grunt of disgust.—Detroit Free Press.

Napoleon's Statement About Enghien.

When Napoleon was on his deathbed, a maladroit attendant read from an English review a bitter arraignment of him as guilty of the duke's murder. The dying man rose, and catching up his will wrote in his own hand: "I had the Duc d'Enghien seized and tried because it was necessary to the safety, the interest and the honor of the French people, when by his own confession the Comte d'Artois was supporting 60 assassins in Paris. Under similar circumstances I would again do likewise." Nevertheless he gave himself the utmost pains on certain occasions to unload the entire responsibility on Talleyrand. To Lord Ebrington, to O'Meara, to Las Cases, to Montholon, he asseverated that Talleyrand had checked his impulses to clemency.—"Life of Napoleon," by Professor William M. Sloane, in Century.

That Office Boy.

In the office of one of the most scholarly lawyers is a sign attached to a rolltop desk which seems to throw discredit upon the education of the attorney in question, as follows:

"Please don't throw papers on this hear desk.

"Please put the telefone book where it belong. It don't belong on those premises."

"Plea-e don't bother me.

"Plea-e get out quickereh you come in."

It is needless to say that the desk was the property of the office boy.—Exchange.

THE PRESIDENT COMING TO MIDDLETOWN.

The Sick May Receive Medical Services Free of Charge.

The President and members of the European and American Staff of German, English, Irish, Scandinavian and American Doctors of New York city will be at the Russell House, Middletown, on

Tuesday, October 29th,

one day only. The sick and afflicted may consult them without charge during their stay.

If you are incurable they will tell you; therefore invalids must not take offence if they are rejected, as no case will be accepted unless there is a moral certainty of a cure being effected. These Doctors are graduates of the best universities of Europe and America; they are of the highest standing in the medical profession and have had unlimited experience in the treatment of all Chronic Diseases and Deformities. As the latest methods, instruments and appliances of the various schools of both the Old and the New World are familiar to and at the command of this staff of doctors, it is reasonable to believe that in ninety cases out of every hundred a cure can be effected, even when the patients have been given up as incurable by doctors who have had less experience. Do not be discouraged because your doctor cannot give you relief, or even if he tells you that you cannot get well, for it matters not what your disease may be, you can consult the doctors free, and, if curable, they will treat you; if incurable, they will give you such advice as will tend to prolong life and afford you the greatest relief.

The doctor visits Middletown one day each month. Will be at 21 Broom street, Port Jervis, Wednesday Oct. 30th. Office hours from 10:30 a. m. to 5 p. m.

ALMOST A FLOWING WELL.

An Abundant Supply of Water Struck in a Driven Well Near Harlem Park - Rises Almost to the Surface.

Mr. W. E. Bradley, who recently erected a building on the new street laid out by D. R. Miller, near Harlem Park, sunk a driven well to secure water to supply the boiler used in his manufacturing business.

For the first seventeen feet only earth, somewhat in the nature of hardpan, was encountered, but at that depth rock was struck. After drilling three feet through very hard rock the drill suddenly dropped as far as the gearing would allow. The pipe was driven down to a depth of about twenty-three feet and the sand pump was put to work. It brought up black gravel and sand and was followed by a rush of water that rose in the six inch pipe to within about six inches of the surface of the ground.

The pumps were started up and run for some time, discharging about 1,200 gallons of water per hour, but this had but little effect on the supply of water in the stand pipe which filled as fast as it was pumped out.

Mr. Bradley at once ceased drilling, concluding from past experience that it was the part of wisdom to let well enough alone.

The well was sunk before the recent rains and as the water has remained at the same height ever since, it is certain that it comes from a subterranean reservoir, whose water level is at the point reached in the stand pipe near the surface of the ground. The presence of black gravel at the depth at which the water was struck would indicate a deposit of water similar to that at the city pumping station on the Ogden meadows.

The point at which the well is dug is the lower end of the valley, which extends to and beyond Crawford Junction and covers an area of several miles. It may all be underlaid with the black gravel and the amount of water stored there depends wholly upon the depth of the deposit of gravel. There may be enough of it to supply the city. It is certainly worth while to test it.

The water from this well is clear and cold but it is difficult to judge of its quality from samples taken from the pipe where it has been standing so long that it is impregnated with iron from the new pipe.

THE DEATH OF J WILMOT HAWKINS

Verdict of the Coroner's Jury—No One at Fault.

The coroner's inquest in the case of Mr. J. Wilmot Hawkins was held last evening. The testimony of the attending physicians was taken substantially as related in yesterday's paper, and the jury returned the following verdict:

We, the undersigned jury, find the deceased, J. Wilmot Hawkins, came to his death in the dental parlors of Dr. A. W. Sweezy, on the morning of Oct. 23d, 1895, while under the influence of chloroform administered at his own request, with all due precaution, by a practicing physician well accustomed to the use of the same as an anæsthetic. It appears that all available means to resuscitate the patient were used by those in attendance, and that death resulted through no cause that could be foreseen.

A Boy Accidentially Shot.

Frank Kentz, a seventeen-year-old boy residing near Brick House in Sussex county, was accidentally shot by his brother, Tuesday. The boys were out in the fields with a rifle, which the younger brother was carrying. He let the gun fall and in striking the ground it was discharged. The ball struck Frank in the thigh and passing upward went through his body and came out at his side. The wound is a dangerous one.

Thieves Make a Big Haul.

Thieves entered the residence of James S. Taylor, in Newburgh, Tuesday evening, while the family were at dinner, and stole $100 in cash and jewelry of the value of $1,200 from the rooms of Mrs. Taylor and her mother, Mrs. Chittenden. The thief was evidently familiar with the premises, for nothing was disturbed except the jewel cases from which the plunder was taken.

RACES ON THE CAMPBELL TRACK.

A Small Crowd Present at the Middletown Driving Park Association Races—Three Interesting Contests—The Summaries.

The raw, chilly air of yesterday afternoon had a disastrous effect upon the attendance at the races given by the Middletown Fair and Driving Park Association at the Campbell track. There were scarcely 200 people on the grounds when the first race was called at 2:30 o'clock.

The judges were O. H. Hanford, of Newburg, starter; Mayor W. K Stansbury, of this city; W. H. Wood, of Newburgh, and William Sargeant, of Goshen.

The interest centered in the gentleman's road race, which was won by Mr. R. D. Stratton's Herminnie, driven by Mr. Geo. Corwin. Major C., driven by his owner, Mr. J. W. Thorn, captured the second heat, owing to several bad breaks by the Herminnie was clearly the superior of her field, and with proper handling ought to make a mark.

The other races were interesting, but were easy for the winners. Fitch Clark won the 2:26 class. Victor E. finished first in the third heat, but the judges set him back for running and gave the third heat and race to Fitch Clark.

Philip H. took the first heat of the 2:34 class so handily that it looked like a sure thing for him, but Starlight took the next three heats in the easiest possible manner.

ALL FOR LUCK.

A Shoe Full of Rice Nailed to a Car by a Friend of a Newly Wedded Couple.

A wedding party boarded an O. and W. train at Fallsburgh, this morning. To make sure that good luck would follow them some enthusiastic friend nailed a shoe that was filled with rice to the outside of the car. General Yardmaster Ludington hasn't a great deal of sentiment in his make up and when the train arrived here he ruthlessly tore the shoe from its fastenings.

"THE HOLY CITY"

Sung at Grace Church by Holy Trinity and Garden City Cathedral Choirs to the Delight of a Large Audience.

The celebration of the fiftieth anniversary of the organization of Grace Church was continued, last evening. After a short introductory service, Gaul's oratorio, "The Holy City," was sung by the combined choirs of Holy Trinity Church, New York, and Garden City Cathedral, under the direction of Dr. W. H. Woodcock, organist and choirmaster of Garden City Cathedral, who presided at the organ. There were forty voices in the chorus, which was well balanced and sang with fine expression and much spirit, the full rich voices filling the church with melody. The solos were most admirably rendered. The bass and tenor voices were particularly fine. The male soprano was not in as good voice as usual, but his rendition of "These are they that came out of great tribulation," was very pleasing.

A pleasing feature of the evening was the harp playing of Tillmen, the harpist of St. Thomas Church, which added not a little to the fine effect of some of the solos.

The church was crowded, nearly every seat having been occupied. Among those present were nearly all the best musicians of the city and a number from Goshen and other neighboring places. All were delighted with the artistic rendition of the oratorio, and to-day many of those present have given expression to their pleasure and gratitude at having been permitted to hear such fine music under such remarkably favorable conditions.
